

THE PERFECT MEETING SPACE,
FOR ALL THE RIGHT REASONS

BALL'S FALLS CENTRE FOR CONSERVATION

Discover the Undiscovered

MEETINGS YOU'LL FEEL GOOD ABOUT

The Centre for Conservation is the perfect choice for your next green meeting. Located in Balls Falls Conservation area on the Niagara Escarpment, this stunning property is part of a World Biosphere Reserve. It has two dramatic waterfalls, 128 hectares of natural woodlands and is easily accessible from major highways. The Centre is also a testament to sustainable construction. From its use of a ground-source heat exchanger for heating and cooling, to its on-site biofilter, fresh air inlets and rainwater harvesting, the Centre has been carefully designed and executed to reflect a commitment to green - an effort that has been acknowledged with a gold certified LEED® (Leadership in Energy and Environmental Design) designation.

A SETTING IN HARMONY WITH NATURE

This inspiring location is sure to energize your group. The spectacular Glen Elgin room, with its soaring ceilings and panoramic windows overlooking scenic woodlands can comfortably accommodate groups as large as 150 people, banquet style. It can easily be configured for large theatre-style functions or divided into two separate rooms, Glen and Elgin, for smaller executive groups. Immediately adjacent is an elegant terrace providing additional usable space outdoors. The dramatic skylit atrium, is the perfect spot for pre-function activities or coffee breaks.

A fully equipped servery is available for

your choice of approved caterer. The Centre is pleased to provide a list of capable suppliers committed to green meeting principles - *no disposables or bottled water, cloth napkins, bulk condiments, etc. and can provide menu choices featuring locally-grown foods.*

Both rooms have sound amplification capabilities (fixed or portable), a range of A/V and presentation aides, DVD Player, flip charts with easels, laser pointers, lavalier microphones and LCD projectors (additional fees apply). For additional convenience, we offer Internet access throughout the Glen and Elgin rooms.

MEMORABLE MEETINGS

Take green outside the meeting room! Give your group a unique and green team building experience.

- Orienteering, scavenger hunts
- Guided nature hikes
- Heritage village tours
- Winery tours
- Geo caching
- Sustainable building tour

A WIN-WIN COMBINATION

Environmentally responsible meetings are not only good for the earth, they're great for business - they enhance your corporate reputation, give you a competitive edge and can save resources. Best of all, you'll know that every dollar spent goes back into conservation and education. That's an unbeatable combination.

Eco-Friendly Meeting Space is Closer than You Think

“This finely detailed Ball’s Falls building, in which the plan and positioning on the site has the interesting feel of a sun dial, has exceptional energy and water efficiency.”
