### Things Piling Up Around the Office?

Wrestling with office documents is guaranteed to take productivity to an all time low. The solution? A Toshiba multifunctional document system.

Our entire line of network-ready systems means you'll be in business fast. You can fax, print, copy and scan directly from your workstation. And with Toshiba's sophisticated scanning features users have the ability to scan and convert documents to PDF and TIFF file formats and place them directly onto your hard drive, the network or to multiple e-mail addresses in a single step, virtually eliminating office clutter.

No matter whether it's a single workstation or an entire workgroup, as an Authorized Toshiba Dealer we can customize a system specifically for you. Put the power of our office product technology to work for you. It will be productivity, not paper that reaches new heights.
